

The Stony Brook Computing Society

General Body Meeting – Sept 14, 2016

Upcoming Events

SBCS-BMES Python Lecture Series – #1 of 3

What: In collaboration with BMES, SBCS will hold a 3-part lecture series on Python programming. Lecture #1 will focus on the basics of programming in Python, and will be geared toward the scientific community.

When: Wednesday, September 14 at 6:00pm

Where: New Computer Science 120

Bloomberg Tech Talk

What: Bloomberg engineer Mike Mallon will talk about UI Infrastructure.
Food will be provided.

When: Wednesday, September 14, 4-5pm

Where: Wang Center 201

Cloudera Tech Talk

What: Hear one of Cloudera's engineers talk about his life at a startup. Learn about how he's building a scalable SaaS.

When: Thursday, September 15 at 4:00pm - 5:30pm

Where: Wang Center Chapel

CS Department's Student and Start-up Panel

What: As part of CS Tech Day on September 16, 2016 the Department of Computer Science will host a panel discussion with successful startup entrepreneurs. These panelists will share their passion for computer science with students and detail how they turned that passion into a successful business. Students will also hear what they look for when hiring students as well as what it looks like to work for a start-up company vs. working for one of the "big" CS companies.
